ECOS LINE CUBES

Telai estraibili con secchi porta rifiuti

Extractable frames with waste bins

Châssis extractibles avec seaux porte-poubelles

ECOS LINE CUBES

A PROPOSITO DI ECOS LINE CUBES

ECOS LINE CUBES è la linea di telai estraibili con secchi porta rifiuti per basi da cm 60 - 90 - 120 realizzati con struttura portante in alluminio anodizzato e carenatura in acciaio verniciato a polveri epossidiche color grigio chiaro, grigio metallizzato e grigio antracite. Leggeri ma solidi, sono proposti in varie composizioni e capacità e sempre dotati di guide ad autorientro ammortizzato con portata di carico di kg 30 o 50. Esistenti sia con fissaggio guide al basamento che laterale ai fianchi del mobile, dispongono di meccanismo per fissaggio anta frontale e regolazione 3D della stessa.

ABOUT ECOS LINE CUBES

ECOS LINE CUBES is the line of extractable frames with waste bins for cm 60 - 90 - 120 bases made of an anodized aluminum supporting structure and painted steel fairing with epoxy paint finish in light-grey, metallised dark grey and anthracite grey colours. Light but solid, they are available in various compositions and capacities and always equipped with dampened self-closing mechanism runners with load capacity of kg 30 or 50. Existing both with runner attachment to base of unit and side runner attachment, they have the front panel attachment mechanism and 3D adjustment.
